## Editorial Board

### Angelo Auricchio

Director of the Clinical Electrophysiology Unit, Fondazione Cardiocentro Ticino, Lugano, Switzerland; Professor of Cardiology, University Hospital, Magdeburg, Germany

### Claudio Tondo

Professor of Cardiology, Chairman, Cardiac Arrhythmia Research Center, University of Milan, Centro Cardiologico Monzino, IRCCS, Milan, Italy

### Erik Wissner

Associate Professor of Medicine, University of Illinois at Chicago, Chicago, IL, USA

### Francisco Leyva

Consultant Cardiologist, Queen Elizabeth Hospital, and Reader in Cardiology, University of Birmingham, Birmingham, UK

### Haran Burri

Cardiologist, University Hospital of Geneva, Geneva, Switzerland

### Joachim R Ehrlich

Head of Cardiology and Electrophysiology, St Josefs-Hospital, Wiesbaden, Germany

### Jose L Merino

Chief of the Arrhythmia and Robotic Electrophysiology Unit, La Paz University Hospital; Professor of Cardiology, Universidad Autónoma de Madrid, Madrid, Spain

### Krzysztof J Filipiak

Professor, Department of Cardiology, Medical University of Warsaw, Warsaw, Poland

### Lars Lund

Associate Professor, Karolinska Institutet, Stockholm, Sweden

### Maria Grazia Bongiorni

Director of Second Cardiology Department, University Hospital of Pisa, Pisa, Italy

### Michael Gold

Michael E Assey Professor of Medicine and Director of Academic Cardiology, Medical University of South Carolina, Charleston, SC, USA

### Norbert Guettler

Section Head, Internal Medicine and Cardiology, Air Force Centre of Aerospace Medicine, Fuerstentfeldbruck, and Consultant Cardiologist and Electrophysiologist, Central Military Hospital, Koblenz, Germany

### Richard Schilling

Professor of Cardiology and Commercial and Strategy Director, Bart's Heart Centre, London, UK

### Shouvik Halder

Consultant Cardiologist and Electrophysiologist, Royal Brompton & Harefield NHS Foundation Trust, London, UK

### Thorsten Lewalter

Professor of Internal Medicine-Cardiology, University of Bonn, Bonn, and Head, Isar Heart Center Munich, Munich, Germany

### Tom De Potter

Associate Director, Cardiovascular Center, OLV Hospital, Aalst, Belgium

### Editorial Directors

Gina Furnival  
Helen Fowler  
Katey Gabrysch  
Sophie Nickelson

### Commissioning Editors

Victoria Jones  
Shanice Allen

### Editorial Workflow

Lisa Glass  
Heather Hall  
Marianna Mignani  
Atiya Henry  
Danielle Crosby

### Design Manager

Julie Stevenson

### Head Medical & Editorial

Nicola Cartridge

# European Journal of Arrhythmia & Electrophysiology

Established: January 2015 Frequency: Bi-annual

Current edition: Volume 9 Issue 1, 2023

## Aims and Scope

- *European Journal of Arrhythmia & Electrophysiology* enables time-pressured physicians to stay abreast of major advances and opinion in arrhythmia and electrophysiology.
- *European Journal of Arrhythmia & Electrophysiology* comprises balanced and comprehensive articles written by leading authorities, addressing the most important and salient developments in the arrhythmia and electrophysiology fields.
- *European Journal of Arrhythmia & Electrophysiology* endeavours to support physicians, clinicians and related healthcare professionals in continuously developing their knowledge, effectiveness and productivity. The editorial policy has been designed to encourage discussion among this peer group.
- Comprehensive bibliographies for each article mean that *European Journal of Arrhythmia & Electrophysiology* is an informative and valuable reference tool for use throughout the year.
- All articles are subject to peer review, and must adhere to the ICMJE, GPP 2022 and COPE guidelines.

## Structure and Format

- *European Journal of Arrhythmia & Electrophysiology* is a peer-reviewed, free-to-access, bi-annual journal comprising review articles, case reports, practice guides, editorials and original research.
- The structure of each edition of the publication comprises section categories determined by the Editor. The degree of coverage assigned to each category is the decision of the Editor, and in part reflects the views of the Editorial Board. Industry-supported articles are also welcomed.
- All articles disclose any author conflicts of interest along with any funding, financial support and medical writing assistance.
- Each edition of *European Journal of Arrhythmia & Electrophysiology* is published in full online at [www.touchCARDIO.com](http://www.touchCARDIO.com).

## Editorial Expertise

*European Journal of Arrhythmia & Electrophysiology* is supported by various levels of expertise:

- Guidance from an Editorial Board consisting of leading authorities across all areas of arrhythmia and electrophysiology.
- Invited contributors who are recognized authorities from their respective fields.
- Peer review – conducted by experts appointed for their experience and knowledge of a specific topic.
- An experienced team of Editors and Technical Editors.

## Peer Review

- On submission, all articles are assessed by the Editor to determine their suitability for inclusion and appropriateness for peer review.
- The Editor identifies appropriate reviewers, who are selected on the basis of their specialist knowledge in the relevant area, following consultation with a member of the Editorial Board where necessary.
- We aim to have the final peer-review decision within 4 weeks.
- Following review, papers are either accepted without modification, returned to the author(s) to incorporate required changes or not accepted for publication.
- The Editor reserves the right to accept or reject any proposed amendments on the advice of the Editorial Board and reviewers.

## Submissions and Instructions for Authors

- The Editor commissions articles with guidance from the Editorial Board and unsolicited articles are welcomed.
- The Editor is always keen to hear from authors wishing to discuss potential submissions, and will give due consideration to any proposals. Please contact the Editor for further details.
- 'Instructions for Authors' are available for download at: [www.touchCARDIO.com](http://www.touchCARDIO.com).

## Distribution and Readership

*European Journal of Arrhythmia & Electrophysiology* is distributed annually through controlled circulation to healthcare and pharmaceutical professionals in the field in Europe.

## Free-to-access

All articles are free-to-access, which allows everyone in the cardiology field to download published articles for free.

## Copyright

Authors transfer the copyright of the article to Touch Medical Media, who publish the article as free-to-access to registered users.

## Abstracting and Indexing

*European Journal of Arrhythmia & Electrophysiology* is abstracted, indexed and listed in Embase, EBSCO, Genamics JournalSeek, Google Scholar, IndexCopernicus and Summon by Serial Solutions.

## Online

[www.touchmedicalmedia.com](http://www.touchmedicalmedia.com) provides clinicians and other industry professionals with a free resource of articles from over nine titles, spanning eight therapy areas including cardiology, endocrinology, immunology, infectious diseases, neurology, oncology and haematology, ophthalmology and respiratory. All articles published in are free to access online at [www.touchCARDIO.com](http://www.touchCARDIO.com).

## Society Partners

[touchCARDIO.com](http://touchCARDIO.com) has developed very valuable society partnerships with the most respected not-for-profit medical societies both in Europe and the USA. These partnerships are key as [touchCARDIO.com](http://touchCARDIO.com) helps to promote awareness of these medical societies while also providing free-to-access, peer-reviewed articles and multimedia content to the society members, which ensures that the community is kept up-to-date with the latest cutting-edge content and opinion from world-renowned doctors.

## About Touch Medical Media

Touch Medical Media publishes a rich and diverse portfolio of fully referenced, free-to-access journals across the clinical and pharmaceutical arenas. Touch Medical Media aims to assist in the education and practice of healthcare and pharmaceutical professionals. 

## Foreword

### 1 Foreword

**Shouvik Haldar**

*Consultant cardiologist and electrophysiologist, Royal Brompton and Harefield NHS Foundation Trust, London, UK*

## Expert Interview

### Arrhythmia

### 2 An End-to-end Arrhythmia Nurse Specialist-led Pathway for Supraventricular Tachycardia Diagnosis, Assessment and Management

**Richard Ang**

*1. Barts Heart Centre, Barts Health NHS Trust, London, UK; 2. Homerton Healthcare NHS Foundation Trust, Homerton University Hospital, London, UK*

### Atrial Fibrillation

### 5 A National Programme to Optimize Anticoagulation in Patients with Atrial Fibrillation

**Antony D Grayson and Carol Hughes**

*Inspira Health, Liverpool, UK*

### Syncope

### 8 Implementation of the European Society of Cardiology Syncope Guidelines: An Improvement in Diagnostic Yield, Accuracy and Societal Costs

**Roland Thijs**

*1. Department of Neurology, Leiden University Medical Centre, Leiden, The Netherlands; 2. Stichting Epilepsie Instellingen Nederland (SEIN), Heemstede, The Netherlands; 3. Clinical & Experimental Epilepsy, Queen Square Institute of Neurology, University College London, London, UK*

## Review

### Arrhythmia

### 11 A Review of Novel and Emerging Non-Radiofrequency Ablation Modalities for Ventricular Arrhythmias: Towards an Individualized Substrate-guided Choice of Ablation Technology

**Johanna B Tonko and Pier D Lambiase**

*1. Institute of Cardiovascular Science, University College London, London, UK; 2. St Bartholomew's Hospital, West Smithfield, London, UK*

Contents

**22 High-density Approaches to Ventricular Tachycardia Substrate Ablation**

**Dana Collin Johnson and Erik Wissner**

*Clinical Cardiac Electrophysiology, University of Illinois at Chicago, Chicago, IL, USA*

**Syncope**

**29 Catheter Ablation as a Treatment for Vasovagal Syncope: The Time has Come to Shift Towards Placebo-controlled Trials**

**Mohamed Zuhair, Daniel Keene and Phang Boon Lim**

*Imperial College Healthcare NHS Trust, London, UK*
